Dear Mr. Ewing,

RE: CONFORMANCE TO DDC POWER GUARD OIL SPECIFICATION 93K216

Results from durability and bench testing, in accordance with DDC Power Guard Oil Specification 93K216, have been presented to TEI for review and to DDC for final review and approval. In view of the results, we would like to make the following comments.

The results reported in the registration package have been found to be within DDC Power Guard Oil Specification 93K216 limits and specification; hence oils formulated as stated in your request can be labeled as conforming to DDC Power Guard Oil Specification 93K216.

Company Name: ConocoPhillips

Product Name: 76 Triton VGEO Plus

SAE Grade: 15W-40

The oil shall be used per the ambient temperature and grade guidelines in the engine specific Operation and Maintenance (O & M) manual, as well as in any DDC service documents.

Please notify TEI and DDC immediately if, for any reason, the formulation for this oil changes. Changes to the oil formulation, without written approval, may void this letter of conformance. In addition, as per the DDC specification, this product will be subject to future field sample analysis for compliance.

Sincerely,

Mesfin Belay

DISCLAIMER: Product registration means the manufacturer or marketer has faithfully collected information pertinent to the requirements of the specification and with the full intention to conform to the specification. However, it is still the responsibility of the manufacturer or marketer to ensure satisfactory performance of its products in all aspects at all times. Registration for DDC Power Guard Oil Specification 93K216 does not waive the liability of the manufacturer or the marketer. DDC does not warrant the performance of non-DDC products, registered or not.
